

Manipal Academy of Higher Education (MAHE), Manipal invites applications from eligible candidates across the globe for the faculty position for the following jobs at the Welcomgroup Graduate School of Hotel Administration (WGSHA), Manipal.

A high-level overview of WGSHA and highlight:

Keeping in view the increasing need of professionally trained personnel by the ever-expanding hospitality industry, the “College of Hotel and Restaurant Management Studies” (CHARMS) was started in October 1986 as a unit of Dr. TMA Pai Foundation. In August 1987 the Foundation joined hands with the Welcomgroup, the hotels’ division of ITC Ltd. The college is now called the Welcomgroup Graduate School of Hotel Administration (WGSHA) and offers a four years Bachelor’s Degree in Hotel Management (BHM). In 2003, WGSHA was transferred from Mangalore University to Manipal Academy of Higher Education (MAHE) as one of its constituent college.

Hospitality is an industry that is ever-changing, one must continue to grow and evolve in order to stay focused. Career Development model for this industry has three stages—understanding oneself, exploring options, and taking action to mold oneself to become suitable to the industry standards. Towards this end, WGSHA allows the students to navigate academia, build skills, and to create plans to prepare for the career methodically. WGSHA’s deep industry connections bring learners face-to-face with successful entrepreneurs, high-level industry experts, leaders, and seasoned alumni. The courses are based on hardcore technical education divided methodically into semesters and strengthened with assessment and mentorships. We teach core hospitality and culinary concepts, specific knowledge and practical skills that professional hoteliers and culinary professionals are using at work. This have strengthened with hands on training experiences designed through organization of events, simulations, symposiums, and industry exposure aligned with market dynamics. Regular sessions with industry leaders and mentors, career coaches and recruitment experts are offered in all semesters to pep up the students. Collaborative learning is encouraged where, through group experiences, learners communicate with one another and share knowledge based on practical skills trainings that also improves communication and listening skills. Using Just in Time education model, we encourage students to enhance knowledge through online courses through various platforms and virtual learning.

WGSHA students have many options for the direction of their careers. Overall, usually around half of our graduates go directly into the workforce. About another third continue their education in graduate or professional schools, with the remainder undertaking other activities such as entrepreneurship. The percentage of graduates heading directly into the hospitality workforce or selecting a path that requires additional education varies from one course to another. WGSHA continuously works to provide varied resources tailored to each individual’s needs for both internship and job placements.
