

# INTERNATIONAL CENTRE FOR APPLIED SCIENCES

MANIPAL

(A constituent unit of MAHE, Manipal)

13 August 2022

Dear Students of 2022 Admission Batch,

## *Welcome to the World of Manipal!*

At the outset, I would like to thank you for getting admitted to the International Transfer Program (ITP) in Engineering, offered by International Centre for Applied Sciences (ICAS), MAHE, Manipal. ICAS is located within the sprawling campus of Manipal Institute of Technology, in the Southern Indian City of Udupi-Manipal, Karnataka.

Manipal Academy of Higher Education (MAHE) is a premier Deemed to be a University under Section 3 of the UGC Act 1956, Government of India. It is synonymous with excellence in higher education and has been accorded the prestigious 'Institute of Eminence' Status by the Ministry of Human Resource Development, Government of India and NAAC accredited with a grade of "A++".

ICAS Manipal, a constituent unit of MAHE started ITP in the year 1994, leading to Bachelor's Degree in Applied Sciences / Engineering. Under the Programme, students can complete the first two years of study at Manipal, India. The following two years can be pursued at a premium university abroad of their choice by transferring their academic credits obtained from the first two years of study. The credit transfer will depend upon the academic policy of the respective foreign universities. Upon completion of the programme, the student will obtain International Engineering Degree awarded by the destination university abroad. Visit thoroughly, [www.manipal.edu/icas](http://www.manipal.edu/icas) to know more about the programme. Visit [https://manipal.edu/icas/program-list/b\\_sc\\_applied\\_sciences.html](https://manipal.edu/icas/program-list/b_sc_applied_sciences.html) for the detailed syllabus and <https://manipal.edu/icas/about-icas/rules-regulations.html> for the academic calendar and course structure of the programme.

It is planned to commence first semester classes for the fresh admission (2022) ICAS batch from 7<sup>th</sup> September 2022. The class timetable and the Orientation program plan will be sent in due course of time. Before that, we have a plan to conduct Warm-up sessions online to sensitize students on the scope and opportunities at ICAS and the way forward. We are expecting at least 10 of our partner universities would come to address this along with a few experts. We will keep you updated on this, be connected.

**NOTE:**

1. For any queries on **Academics**, you may contact ICAS office (+91 820 2924026 / [office.icas@manipal.edu](mailto:office.icas@manipal.edu) ) or Associate Director (+91 820 2924024 / 2571080) during working hours/days.
